

# Basic Corrosion

## Review Causes of Corrosion and How to Mitigate

A helpful starter course for anyone in the corrosion industry, Basic Corrosion covers the causes of corrosion, as well as how to identify, monitor, and control it. By completing this course, show employers you have a strong understanding of the basics, and take the first step in working towards becoming NACE certified.

### The course covers:

- Economic, environmental, and safety impact
- Forms and causes of corrosion
- How to identify, inspect, monitor, and control
- Basic electrochemical terms, processes, and concepts
- Types of metals, non-metals, composites, concrete, and ceramics
